

Once every two years, the Ohio Bureau of Workers' Compensation (BWC) allows your company to select a Managed Care Organization (MCO). Your MCO works with your injured workers to coordinate their return to work in a safe and timely manner. [Open Enrollment begins April 30, 2012 and closes May 25, 2012.](#) Although this service is provided free to your company through the premiums you pay to the BWC, the selection of your MCO is an important decision as your MCO plays an integral role in controlling and reducing claims costs.
